MANY WILL HEAR IRISH PRESIDENT

LOCAL INTEREST SHOWN IN THE MEETING AT ST. JOSEPH

TO SPEAK NEXT SUNDAY

Program Will be Given at 2 o'Clock in the Auditorium; Many Planning to Go

Northwest Missouri is getting its Irish up this week in preparation for the visit of Eamonn de Valera, president of the Irish republic, to St. Joseph next Sunday. President De Valera, who has been touring the country for some time in the interest of the Irish cause, will speak at the Auditorium in St. Joseph at 2 o'clock that afternoon, and arrangements are being made to see that he is properly entertained.

The event has been extensively advertised over all the surrounding country, and the committee which has charge of the reception contains the names of representatives from many places besides St. Joseph. T. A. Cummins is the Maryville member of the committee.

Frank P. Walsh, who has made a name for himself as a supporter of the movement for an independent Ireland, will accompany President De Valera on his tour and will also be a speaker at St. Joseph. "Both of these gentlemen are to discuss the Irish question from all angles, and we are very anxious to have a large audience," writes Thomas J. Lysaght of St. Joseph, chairman of the executive committee, in a letter to the Democrat-Forum.

"Everyone, irrespective of race or religion, who believes in liberty and self-government, is invited to attend this meeting. The committee is anxious to have a large delegation from Maryville," he continues. "I trust that you and your friends will come down, and I will try to reserve seats on the stage for your delegation."

Those planning to go from Maryville will be rairly evenly divided between the morning Burlington train and the morning Wabash east. Those who go down on the Burlington will arrive in St. Joseph in time to attend church, while those who go on the Wabash will attend church here before leaving. The Wabash makes connection with the Chicago Great Western at Conception Junction that will get the visitors to St. Joseph in the afternoon before the speaking starts. It is planned that those arriving in St. Joseph over the Great Western gett off at the Third street station, which is only a short distance from the auditorium.

Most of those who go will return to Maryville on the Burlington Sunday night.

MORE EGGS ARE IN STORAGE THIS YEAR THAN LAST YEAR

Increase of 1,500,000 Cases Shown in October Report of Swift & Company; More Butter, Too

According to the review of the produce situation sent out by Swift & Company of Chicago, agriculture reports of storage stocks of eggs show that in 1919 there were 6,800,000 cases of eggs in storage in October, as compared to 5,300,000 in 1918. This is an excess of 1,500,000 for this month. It would appear that prices have about reached their limit under present conditions.

Although there is a seasonal decrease in production, the autumn egg is still an important factor in marketing.

Pasture conditions are reported better. Some sections are reporting slight increase in the amount of cream delivered this week, but as is usual at this season of the year, production is insufficient for current use.

The following figures show the relative stock October 1, as reported by the United States department of agriculture:

Butter—

1919	121,834,544
1918	87,924,312
Excess	33,910,312

There is some inquiry for export, and if this materializes into actual shipments it will improve the general situation.

There is little change to report on the poultry situation. Receipts are only sufficient for current requirements. Prices are generally lower than a year ago, in sympathy with general values of live stock. The problem confronting industry today is to handle the poultry as promptly as it is offered for sale.

Even marketing this week is recommended to prevent generally glutted markets as we near the holiday season.

SUGAR SHORTAGE BLAME ON PUBLIC

EQUALIZATION BOARD SAYS CONSUMPTION IS GREATER

MORE PLACED ON SALE

Increase of 500,000 Tons Given to Domestic Trade in Nine Months; Must Be Cut Down

The United States Sugar Equalization Board, Inc., with headquarters at 111 Wall Street, New York City, has issued the following statement to the press:

Figures just compiled show that during the first nine months of the current year approximately 500,000 tons more sugar was delivered to the domestic trade than was delivered during the corresponding period in 1918. Notwithstanding this 18 per cent increase in distribution, as compared with a normal average increase in consumption of about 4 per cent, the talk of "shortage" persists. These figures, however, are a clear indication of the extraordinary consumption of sugar that has taken place, and the fact must be recognized that directly or indirectly the American people have greatly increased their use of sugar. One angle of this is shown in the heavy increased sale of candy, soft drinks, ice cream, etc., which in some sections for the next three months must now be curtailed.

The west should secure immediate relief from the harvesting of an average domestic beet crop, which, within a week, will be in full swing. Additional supplies will be forthcoming from Louisiana after November 1, and while this crop is disappointing, amounting to only 100,000 tons, it will serve to supply the southern territory until the new crop of West Indian sugar is available next January. The eastern territory for the balance of the year is dependent upon the remaining old crop of Cuban supplies, therefore, conservation will have to be practiced, and to meet this condition a distributing committee, with Frank C. Lowry as chairman, has been appointed at the request of George A Zabriskie, president of the United States Sugar Equalization Board, to supervise and direct the distribution of all refined sugar by the eastern refiners.

In 1917 and 1918 the eastern cane refiners withdrew from the territory west of Pittsburgh and Buffalo on October 1, and the middle west was supplied entirely by beet sugar. This year the Eastern refiners will take the same step on October 15, and after that date and until the new year, west of Pittsburgh and Buffalo and north of the Ohio river must be supplied entirely by the domestic beet sugar producers. After November 1 the Louisiana interests will be able to take care of the territory south of and including North Carolina, a part of Kentucky and the southern part of Arkansas, just as they did a year ago after October 24.

While the committee in charge of distributing the remaining eastern cane sugar has not yet had time to complete its plans, roughly the situation appears to be that, for the remainder of this year about the same quantity of cane sugar will be available for October, November and December distribution to the trade in the territory to be covered, as was distributed in August, September and October, 1918. In other words, buyers in these markets will probably receive about the same amount of sugar each month, for the balance of this year, as was delivered to them, say, in October, 1918.

In the west and south freer distribution is possible, as the beet sugar interests should be able to distribute by January 1, 400,000 tons of sugar. In the fall of 1917 they sold 350,000 tons of new crop sugar before January 1, 1918. With a larger crop and without the interference that was experienced in the winter of 1917, as a result of the extremely cold weather, a better record should now be made. In 1918 only 209,000 tons were distributed before January 1; therefore, it will be seen that if the 1917 plan is followed out considerably more beet sugar can be marketed this year than was sold a year ago. A fairly free and equitable distribution can be secured if each beet factory will duplicate its sales of 1917, and those buyers who secured sugar in that period from a particular factory should now be able to look to that same source of supply for a like amount. This will give substantially the same rest as though the beet sugar distributing committee in Chicago was stillfunctioning, as the 1917 distribution was conducted under the committee's direction, and the orders were turned over to the factory in the best posion to furnish the sugar.

The decations were bride's roses and chrsanthemums. The guests were Mr. and Mrs. Charles Shamberger and famy, Mrs. Lizzie Snowberger and famy, Mr. and Mrs. C. C. Norman and Frank Shamberger and family.

LOVE COSTS TOO MUCH THESE DAYS IN ENGLAND, AS WELL

A Social Writer in the Daily Mail Proves Her Case by Citing the Prices That Prevail There

London, Oct. 21.—"Your love will cost you more," is the striking headline over a special article by "Jane Doe"—presumably a sister of John—appearing in the Daily Mail.

Jane proves her case. "Take the various stages in a modern young couple's love song," she writes. Then she starts with the courting period and these things she finds:

Chocolates are four shillings a pound, and it's extra if the box is tied with a ribbon to match her eyes. Ever time he takes her to the theatre they sit upon a tax. The engagement ring costs 75 per cent more.

Then they start building a nest. If the house agent will look at them at all, which is doubtful, says Jane, they will pay at least a 25 per cent rent advance on pre-war prices. But suppose they find somewhere to live. Blankets are $20 a pair. Elderdowns $25, the minimum. Upholstered furniture is up nearly 300 per cent. The most modest bedstead complete is $60.

Jane makes it a continued story. Perambulators, she says, are a bad investment under $50. Layettes are 50 per cent dearer. Milk is twenty-four cents a quart.

Then Jan tops off her argument thus:

"The eighth (and most important) wonder of the world is the extraordinary number of beautiful, nice-looking, clever and charming girls in these British Isles unmarried. The modern man is apparently preserving himself against love."

Christians Whips Methodists, 6—0.

The State Teachers gridiron last evening was the scene of an inter church football game which resulted in a victory for the Christians over the Methodists by a score of 6 to 0. The game was snappy from start to finish, considering that the boys had only a few practices. Masters starred for the Christians, making the only touchdown. The three other members of the backfield quarter furnished him good interference. S. England starred for the Methodists with some excellent line plunging.

J. T. HUGHES DIES; STRICKEN AT HOME

WELL KNOWN MARYVILLE MAN PASSED AWAY YESTERDAY

BURIAL TO BE THURSDAY

Had Cerebral Hemorrhage at 4 o'Clock and Died Three Hours Later at the Hospital

J. T. Hughes died at St. Francis hospital at 7 o'clock last evening after having suffered a stroke of cerebral hemorrhage about 4 o'clock yesterday afternoon. Mr. Hughes had been in fairly good health and was planning to leave Maryville this morning for Punta Gorda, Fla., to spend the winter months. He was up town yesterday afternoon and had told a number of his friends goodbye. He was driven to the N. Sisson home by Elias Orear in his car. Before entering the house Mr. Hughes suffered the stroke and fell, cutting his face on the sidewalk. He was taken at once to St. Francis hospital and never regained consciousness.

The funeral services will be held Thursday afternoon at 2 o'clock at the Sisson home. Burial will take place in Miriam cemetery. The services, which will be in charge of the Masonic lodge, Mr. Hughes being a member of Maryville lodge No. 165, will be conducted by the Rev. R. E. Snodgrass of the Christian church, who is expected to return tomorrow from Cincinnati, O., where he has been attending a church meeting.

Mr. Hughes was a native of Lafayette county, Mo., and was born October 6, 1844. He was there reared to manhood and received his education from the common schools of that county. At the age of 22 years he began learning the machinist trade, at which he continued for ten years. In 1872 he removed to Maryville and in 1879 became associated with his brother-in-law, George W. Snapp, in the clothing business at the same stand where the Corwin-Murrin clothing store is now located. Mr. Hughes remained in the clothing business until 1897, when he and his partner sold to James F. Montgomery and C. C. Corwin.

Mr. Hughes became vice president of the Sisson Loan and Title Company at its organization in 1905. He was connected with the firm at the time of his death.

Mr. Hughes never married. He is survived by a sister, Mrs. George W. Snapp of Oklahoma City. His sister, Mrs. Nat Sisson, died July 24, 1909. For the past few years he has been making his home at the Sisson home.

TOTAL OF 291 CHILDREN ENROLLED FOR SHOW HERE

Nine New Names Since Yesterday; Corn Exhibit Expected to be of Importance

Nine new names, mailed yesterday, were received this morning at the office of the county superintendent of schools for addition to the enrollment for the Nodaway Agricultural and Domestic Science Association. This makes a total of 291 entered for the show which will be held at the State Teachers College building this week in connection with the meeting of the Northwest Missouri Teachers Association.

Special attention is being called to the Farmers' and corn breeders' part of the show, which is open to everybody and entries for which will close at noon Thursday. This is expected to be the most important corn show for this county this fall, as the county fair was held much too early to have exhibits of this sort. A prize of $50 for fifty ears—a dollar an ear—is offered is one of the classes, that for the best fifty ears of white or yellow corn, any variety. With the fine corn that is being produced in Nodaway County this season, it is expected that this offer will bring out some good exhibits.

The cultivation of fancy corn is urged S. M. Jordan, agricultural agent for Chariton County, who sends to the Democrat-Forum the following word about the Chariton County show:

We believe in them for several reasons. On an average fancy corn will out yield common corn. If this were not true we would have to "amend the rules." The corn show lets us know who has really fine corn. The show allows us to compare results, and always stimulates us to renewed efforts.

Two years ago Chariton County put on a show offering $1000.00 in premiums. This brought one of the best shows in point of quality the writer ever saw. The corn was sold at Public Auction and brought $1396.25.

The big premiums were offered in order to bring the finest corn in the entire country since the show was open to the world.

We sold the corn in order that Chariton County farmers might be given a chance to buy the best corn obtainable, and it is to their credit to say they did not let a fancy sample leave the county. Bad drouth and grasshoppers caused a loss of most of this seed, so it was decided to attempt a duplicate of that show for the same reasons we put on the first one. A thousand dollars is offered for best white and best yellow 70-ear samples. The show will be held on October 30-31st and November 1st. Anybody, anywhere, may enter corn. Show will be held at Keytesville.

PLENTY OF ROOMS ARE BEING FOUND

TEACHERS VISITING MARYVILLE WILL BE PROVIDED FOR

CARS BEING PROMISED

Arrivals Will Get Rides to Town; Vanguard Expected to Come in Tomorrow Night

The room situation for the teachers who are coming to Maryville tomorrow and Thursday to attend the convention of the Northwest Missouri Teachers Association is clearing up rapidly, according to Miss Ella Farrell, who has been checking up on the situation in Maryville, assisted by several girls from the State Teachers College. Several good strikes have ben made of persons who can accomodate ten or twelve of the thousand expected to come. Many have previously arranged to stay with friends, and that, too, aids in clarifying the situation, which looked dark for a time.

Promises of cars are being obtained to take the teachers from the railroad station to the headquarters in the Zook building, where they will register.

The Chamber of Commerce will give a reception for the visiting teachers and the faculty of the State Teachers College at the College building Thursday evening. Other announcements in regard to the Teachers meeting to be held Thursday, Friday and Saturday of this week are:

The faculty and students of the State Teachers College, the Chamber of Commerce, and the citizens of Maryville will be a committee to arrange for the comfort and enjoyment of the visitors.

Cafeterin lunch will be served at noon Thursday and Friday on the first floor for everybody.

Friday noon a reunion luncheon in the College Library for all former students; fifty cents a plate. Make reservations by securing a ticket in the general office prior to 5 o'clock Thursday afternoon.

Thursday noon at Balsum Hotel, Primary Council luncheon complimentary to Miss Dobbs.

Thursday afternoon tea will be served in the Ladies Parlor from 3:30 to 5 o'clock by the Excelsior Literary Society.

The Philomatheon Home Coming Thursday afternoon, 3:30 at 5 o'clock. All former Philos are invited to the Men's parlor.

An Alphabetical list of the Alumni will be posted on the bulletin board. Look it over, and place after the name the address of those whose address you know. You will oblige the alumni association.

The following committees will meet on Friday morning at 8:30 o'clock as designated below: committee on nomination of officers—room 320; committee on time—room 302; committee on resolutions—room 301; committee on necrology—room 130.

The elementary teachers meet in the library on the second floor. High school teachers meet in room 320, third floor. Rural teachers meet in the auditorium. The board of control of the Northwest Missouri High School association will meet on Friday 4 p. m., room 302 third floor.

Bankers Set Ten Commandments To Guide a Man's Financial Life

St. Louis, Oct. 21.—Ten commandments for the guidance of a man's financial life have been drawn up by a national committee of bankers and others to aid in the great drive of 1920 against the high cost of living.

The decalogue for the frugal man to stiffen his morale in a battle to save something from the profiteers and rent raisers is part of the program for the national thrift week to begin January 17.

Plans for rallying the armies of money savers for the 1920 drive by holding this thrift week were approved by the American Bankers' Association.

The ten commandments as recommended by Walter W. Head of Omaha, vice president of the national section of the American Bankers' Association, are:

1. Make a budget.
2. Keep an intelligent record of expenditures.
3. Have a bank account.
4. Carry life insurance.
5. Make a will.
6. Own your own home eventually.
7. Pay your bills promptly.
8. Invest in War Savings Stamps and other government securities.
9. Spend less than you earn.
10. Share with others. Thrift without benevolence is a doubtful blessing.

The eight days of the national thrift week have been named after some points of the financial creed, as follows:

Saturday, Jan. 17—"Bank Day" or "National Thrift Day," to emphasize the need for individual thrift.

Sunday, Jan. 18.—"Thrift Sunday," with sermons on the relation of economic life to religious well being.

Monday, Jan. 19—"National Insurance Day," to stress the need of protecting one's family.

Tuesday, Jan. 20.—"Own Your Own Home Day."

Wednesday, Jan. 21—"Make a Will Day."

Thursday, Jan. 22—"Thrift in Industry Day," to advocate factory co-operation between capital and labor.

Friday, Jan. 23 — "Family Budget Day."

Saturday, Jan. 24—"Pay Your Bills Day."

ROOSEVELT MEMORIAL DRIVE IS IN PROGRESS THIS WEEK

Urging Co-operation, Governor Gardner Sets Aside Next Monday as "Americanization Dy"

The Roosevelt Memorial rive is on this week and will continue until Monday, October 27. Unsocited subscriptions received by Fred Hull, chairman of the drive in Nodaway county, totaled $22 for the first day. A. L. Williams of Maryville has the honor of making the first contribution to the fund.

Governor Gardner issued a proclamation yesterday setting apart Monday, October 27, the anniversary of the birth of Theodore Roosevelt, as "Americanization Day," and asking for its general observance by the public and for contributions upon that day to the Roosevelt Memorial fund. The proclamation follows:

"Whereas, Theodore Roosevelt was a commanding figure in American life and history for many years and possessed many virtues and splendid characteristics which should be remembered and emulated, not the least of which was his thorough Americanism; and

"Whereas, arrangements have been made for securing financal contributions throughout the nation to the end that a fitting national memorial may be erected at some suitable place in commemoration of his great deeds and teachings.

"Therefore, I, Frederick D. Gardner, governor of the commonwealth of Missouri, in harmony with the general arrangements, plans and purposes made by the Roosevelt Memorial Association, do hereby proclaim

MONDAY, OCTOBER 27, 9119.

"The birthday of Colonel Roosevelt as 'Americanization Day,' and request that our schools and citizens generally observe the day in honor of his memory.

"I urge that on this day contributions be made to the Memorial Fund in such amounts as conditions may justify that we may all share in this worthy tribute to the memory of this illustrious American.

"FREDERICK D. GARDNER.

INSURANCE CASE IS THROWN OUT OF COURT BY DEMURRER

Technicality Puts End to Trial of Suit Against Great Eastern Casualty Co.; Adjourns to Nov. 3

The suit of Lena J. Wright vs. the Great Eastern Casualty Company, to recover insurance for the death of her son, B. G. Wright, who was killed in an automobile accident four years ago, was thrown out of the circuit court this afternoon after two days of argument, when a demurrer entered by the attorneys for the defendant was sustained. It is possible that an appeal may renew the litigation in the case.

Lack of evidence to show that the agent had authority to make a verbal renewal of the policy was what threw the case out. The assumption was that the agent had this authority, but evidence introduced by the defendant to show that he did not have such authority was not combatted by evidence to show that he did have. This lack of evidence caused the demurrer to be sustained.

George Robb Ellison, who was sitting as special judge in the case in the absence of Judge John M. Dawson, adjourned court and excused the jury until November 3, a week from next Monday.

CONFERENCE ON COAL STRIKE STARTS ITS SESSIONS TODAY

How Much Profit Do You Pay Us?

The United States Department of Agriculture informs us that you as an average American Citizen, eat about one hundred and eighty-two pounds of meat (181.83) lbs. in a year.

Based on these figures, if you had purchased all of your meat foods from us, Swift & Company would have profited to the extent of 48½ cents during the first eight months of our present fiscal year.

In that eight months we averaged to make two-fifths of a cent on each pound of meat and all other products sold.

This profit you paid us equals 6 cents a month—or just about one street car fare.

More than 30,000 shareholders looking to us as trustees of their invested money, had to be paid a reasonable return out of your 6 cents a month. Volume alone made this possible.

Now figure for yourself how Government interference in the operations of the packing business is going to reduce your meat bill.

Let us send you a "Swift Dollar." It will interest you.

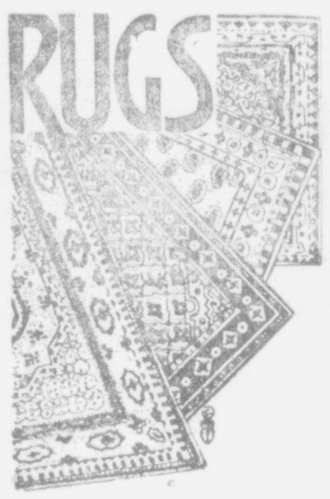
Trade Week in Home Furnishing Deparment

The fall season is just the time to freshen up the home for the long fall and winter evenings that are approaching. More time is spent inside the walls of the home during fall and winter than any other time during the year, therefore, the home should be the most attractive at this time.

Market reports show a decided shortage in home furnishing goods, but in spite of this condition we have an unusual collection of rugs, linoleums, wall papers, shades, curtains, nets and draperies.



Attractive Rugs

Traveling salesmen for rug manufcaturers tell us that we have the most attractive and largest assortment of rugs in this section of the country. In fact the wholesale houses have nothing in the way of an assortment of rugs that they can offer delivery on before late spring, and the prices for spring delivery are much in advance of the present supply that we have to offer.

You will find exceptional assortments of room size rugs in Wilton, Velvet, Axminister, Tapestry Brussels, Wool and fibre, Rag rugs.

The sizes we carry as regular stock are: 12x15 ft, 11-3x12, 9x12, 8-3x10-6 9x9, 7-6x9, 6x9, 4-6x7-6, 3x6 and 27x54 inch and 18x36 inch.

TRADE WEEK SPECIALS

4-6x7-6 Bozart Art rugs, suitable for bedroom use, at each $5.00

9x12 ft Tapestry Brussels rugs, floral and Oriental patterns, several to choose from each $25.

9x12 ft wool and fibre rugs, various designs and colorings, suitable for bedroom or dining room, special at each $12.50

6x9 ft. wool and fibre rugs, assorted patterns and colors, trade week, each $8.50

27x54 inch Axminister and velvet rugs, big assortment of patterns and colors to choose from, trade week each $4.50

For the Windows

Your windows reflect your home to the passerby. It behooves you then to have the window lace and draperies correct.

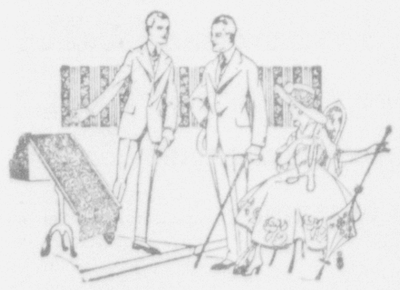
Our drapery stock contains the latest and best creations in lace nets, drapes for doorways and windows, lace curtains and shades. We are prepared to give you unusual assortments at very attractive prices.

Trade Week Specials

One large assortment of filet and Nottingham lace nets, 45 inches wide, various effects; and mohair, madras and Colonial Drapery fabrics for drapes has been assembled on a table in the drapery section for trade week selling, at the yard 89c

One lot of fine quality marquisette curtains, 36 inches wide, 2½ yds. long, lace insertion inset and lace edge, some with hemstitching, ecru, Trade week bargains at the pair $3.95

One lot of 7 ft. dark green Linolene window shades, 38 inches wide, Trade week special, each 89c



Wall Paper

Never were we better able to supply every wall paper need than now. Colors and qualities to meet every demand are here in abundance.

Three special books of paper which then is enough of a kind for one, two and three rooms have been prepared for easy choosing, in these books are papers for any room in the house and all are at special close out prices.

Trunk and Bags

Good, sturdy trunks, in steamers, regular and wardrobe styles, and suitcases and traveling bags in fibre and leather, black and tan are now on display in the home furnishing department and offer a wonderful variety of selection.

Special—One lot of fibre suitcases 24 in. size, ⅓ Trade week special each $1.69

SOYBEANS PAID IN NODAWAY, SAYS A. A. JEFFREY'S ARTICLE

Writer Cites Farm of A. H. Slatten, Near Maryville, as Proof in the Missouri Ruralist

On one farm in particular I have found excellent proof that soybeans will pay in Nodaway county, writes A. A. Jeffrey in an article in the October 20 issue of the Missouri Ruralist. "At the A. M. Slatten farm near Maryville 80 acres of corn was supplemented with soybeans planted in the hills. Of the resultant growth of protein Mr. Slatten is making quick use—hogging off the combined crop with Western lambs and Missouri-grown shoats. The beans balance the corn in an ideal ration for young stock and the 400 or so of woolly and bristly farm hands are gathering Slatten's crop gratis and "finding" themselves.

Another field on the Slatten farm has been devoted to soybeans alone as a straight seed crop. There are ten acres in this field. The planting was done June 20 in a perfectly clean seedbed behind furrow openers. Cultivation was handled with sweeps that kept the surface clean and mellow but did not disturb the roots. The Morse variety was used in this field and the growth has been truly wonderful, with a ripe seed crop now in harvest that will make 20 bushels to the acre. The seed was inoculated and the roots now carry great nodules of nitrogen-fixing bacteria with the resultant enrichment of the soil.

Mr. Slatten did almost as well with beans last year on another Nodaway county farm and doubtless will continue to make them a part of his rotation plan.

Blames Control for Sugar Price.

Washington, Oct. 21.—Government control was blamed today for the high price of sugar by Spreckles, president of the Federal Sugar Refining Company, Yonkers, N. Y., in testifying before the senate committee investigating the sugar shortage.

N. Y. Harbor Traffic Paralyzed.

New York, Oct. 21.—Harbor traffic is still paralyzed today despite the efforts of federal, state and municipal representatives to end the tie-up. Private shipping companies have threatened to use strike-breakers under police protection. The army base piers are guarded by federal troops .

In this open letter to druggists, S. C. Wells & Co., of LeRoy, N. Y., who are also makers of Celery King, Dr. Carter's K. and B. Tea Shiloh, etc., wish to state that druggists who stock up now will be fully protected as the sale is guaranteed to all who buy it, and all unsold goods can be returned at any time.

When you stock up with Begy's Mustarine, Mr. Druggist, you can heartily recommend it to your customers, for it subdues inflammation, stops congestion, eases all soreness and banishes aches and pains quicker than anything else on earth.

Tell your customers to use it for sore throat, tonsilitis, cold in chest, bronchitis, pleurisy.

For rheumatism, gout, lumbago, swellings, neuritis, neuralgia, explain to them that for sprains and strains there is nothing so good, while for headache, backache, earache and toothache it is simply marvelous.

Get in touch with your jobber today and be ready to meet this demand.

MALL TOWN AND RURAL WORK PLAN OF RED CROSS

ureau of Organization Has Been Formed to Help Solve Many Local Problems

The small town and the rural district will be one great scene of future ed Cross activity following the Third ed Cross Roll Call, November 2 to 11. xactly 2,900 of the 3,700 Red Cross ome Service sections are in places aving less than 8,000 population.

A "Bureau of Rural Organization" as been created, headed by Prof. E. . Morgan of the Massachusetts Colge of Agriculture.

Professor Morgan for several years as been engaged in organizing rural ommunities for improved economic onditions and his success in this ork has given him a nation-wide eputation.

That rural problems are local, and lorgan's belief. In problems of eduation, health and good roads, the ed Cross representative will co-oprate with local organizations, always ttempting to mobilize the men and omen of the district for economic rogress.

"It is the plan of our workers to evelop rural organizations in the vaious Red Cross divisions as rapidly s feasible," said Professor Morgan, that development of the rural comunity, the heart and soul of country ife, may be brought about."

THOUGHT HIS TIME HAD COME —DISAPPOINTED

"I never was more surprised in my ife than when I took the first dose of Mayr's Wonderful Remedy. My stomach trouble had been of eight years' standing, sometimes so bad as to cause convulsions, followed by hemorrhage. I thought my time in this world was short, and believed it the last medicine I would ever take. It is now eight weeks since, and I am feeling better than for many years." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One does will convince or money refunded. Sold by the Maryville Pharmacy and druggists everywhere. (Adv)

The roll call of Americanism for Red Cross members will take place between November 2 and 11.

Every dollar contributed to the Red Cross buys a dollar and two cents' worth of relief.

RED CROSS PLANS A SURVEY TO COMBAT THE INFLUENZA

Health Facilities in This State, Among Others, Will be Listed and Workers Assigned

As a precautionary measure, the American Red Cross is planning a survey of the hospital and nursing facilities of all communities in Missouri, Kansas, Texas, Oklahoma and Arkansas so that in the event of a recurrence of the "flu" epidemic of last year prompt relief measures may be taken.

Red Cross chapters may be authorized to inspect, at the request of public health officials, the health assets and liabilities of their particular community, to list the names of women workers who are willing and qualified to serve as nurses or nurses' aids, and to select tentative sites for emergency "flu" hospitals.

The plan includes the establishment of "squads" of trained workers, each headed by a graduate nurse and composed of those women who have taken the Red Cross course in home hygiene and care of the sick. No one will be required to serve, but any qualified women may volunteer. Should it be necessary, the Red Cross may, in emergencies, establish temporary hospitals.

Eversole Started Career There.

Dan R. Eversole, the big dry goods merchant of Maryville, is this week celebrating the forty-sixth anniversary of his entry into business in the metropolis of Nodaway county. Mr. Eversole has by his perseverance and energy risen from the position of a clerk, which he assumed in 1873, to the head of one of the largest establishments of the kind in this part of Missouri. Many of the older residents of Savannah will remember Mr. Eversole, as he made his start in this place. In 1870 he reached Savannah, coming from Canton, O., and began work here for "Tony" Keeves, with whom he remained until 1872, when he went to Maryville.—Savannah Democrat.

Germans Out of Baltic Lands.

Berlin, Oct. 21. — General Von der Goltz, former commander of the German forces in the Baltic provinces, whose refusal to withdraw called forth a warning from the peace conference, declared today that all German soldiers under allegiance to the German government are now out and asserted there is no "situation" in the Baltic so far as Germany is concerned.

Part of Your Salary---

It's easy to spend all of your money these days, and we are well aware that you don't have to be extravagant to do it. But we are also sure that many people who do not save money could save a little out of every pay check by making some sacrifices.

And it is worth a sacrifice, because—

Just now money is cheap, but some day it will buy more than it does now, and every dollar you lay up today will be worth more to you than it is now.

Besides that, a savings account in the Farmers Trust Company's Saving Department pays you interest compounded twice a year, and grows fast.

Come in and talk to Miss Ritze about opening an account—$1 or more will start you.

LIBERAL CATTLE RECEIPTS OPENED WEEK'S RUN AT K. C.

Plain to Common Grades Were Placed in a Weak Position; Hog Prices Declined

Kansas City Stock Yards, Oct. 20.—Liberal receipts of cattle for the week's opening run placed plain to common grades in a weak position. Best grades were fully steady and sold readily. Liberal receipts of hogs caused another general decline in prices with the market turning back to the low point of last week. Sheep were in moderate supply and sold 25 to 50 cents higher.

Today's arrivals were 40,000 cattle, 4,000 calves, 15,000 hogs and 14,000 sheep, compared with 39,000 cattle, 4,000 calves, 12,000 hogs and 19,000 sheep a week ago, and 30,000 cattle, 5,000 calves, 12,900 hogs and 18,200 sheep a year ago. Receipts of cattle from Colorado were liberal, and about the same as on preceding Mondays from other states.

Demand for fat steers, butcher cattle and stockers and feeders which characterized the demand last week, continue today, and prices were fully steady. The common to fair kinds sold slowly and at lower prices. Demand was large and the market is displaying the biggest outlet of the season. Good to choice fed steers sold at $16.50 to $18.35. Some short fed steers, considerable weight on grass, brought $14.50 to $16.00, and wintered grassers sold at $13.50 to $15.00, while straight grassers sold at $8.25 to $13.50. Colorado range steers brought $9.00 to $12.50 from killers. Cows and heifers in some cases were higher, though average level was unchanged. Cows sold at $5.00 to $6.00 for canners, $6.00 to $7.00 for cutters and $7.25 to $11.25 for butchers. Veal calves were strong to 25 cents higher.

Large demand continues for stock and feeding grades. Buyers demand considerable quality, but plain and ordinary kinds are finding a larger outlet than two weeks ago. Feeders, choice heavy fleshy kinds, are selling at $12.60 to $13.50 ,others $8.75 to $11.75; stockers $7.25 to $11.00; few below $8.25.

Hog prices took another dip downward today and returned to the low level of last week, the lowest point this season. The general decline amounted to 25 cents, with the top price $14.20, and bulk sales $13.25 to $14.00. Other markets showed a similar decline. The movement is increasing and some of the hogs coming now have been fattened on new corn. The price spread between extreme heavies and lightweight grades is diminishing. Pigs and thin hogs suitable for stock and feeding purposes are in active demand at $12.50 to $14.25.

Sheep and lamb prices were 25 to 50 cents higher and active. Receipts were below expectations and demand from both killers and feeders large. Western lambs sold at $15.00 to $15.50, mostly $15.25 up, and native lambs $14.50 to $15.00. Feeding lambs brought $12.00 to $12.75, and fat ewes $7.00 to $7.75.

A "Health Week" in Missouri.

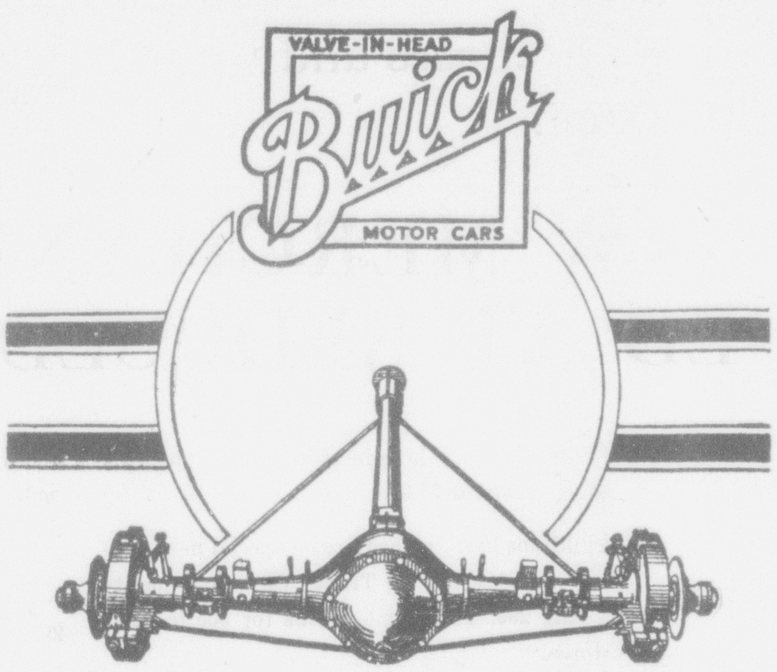
Jefferson City, Oct. 21.—Governor Gardner issued a statement yesterday setting apart November 30 to December 6 as "health week" for "an intense campaign in Missouri for control of tuberculosis."

He asked that every citizen aid in this work. From December 1 to December 10 Red Cross Christmas seals will be sold to finance the anti-tuberculosis work.

Told Fiancee He Would Die.

Springfield, Mo., Oct. 21,—After telling his fiancee that the "next time she saw him he would be in his grave" Arthur Mulkey, a 19-year-old farmer, was found dead, hanging from a tree by a halter, near Harper, St. Clair County, by his brother. Coroner C. A. Smith stated the belief that he had hanged himself following a quarrel with his father.

VALVE-IN-HEAD Buick MOTOR CARS



The Buick Built Rear Axle

Is another mechanical unit that bears the indelible Buick Stamp. Because of Buick patents that make it unique in design, manufacture and serviceability. No other automobile company can build an axle like it.

It is of the full floating type, insuring double factors of safety and the maximum of accessibility for adjustment or repair.

Housing, differential, pinions, shafts, universal joints and bearings are uniformly stronger than the demands of service can require, and the standards set by Buick designers are maintained in a factory equipped with the most modern machinery.

An elaborate inspection system keeps an infallible check on all heat treating and mechanical operations, and the factory organization is backed by experience covering nearly twenty years.
